Phone: +91 8248513652 | **Email:** sujithkumar2506@gmail.com | **Location:** Chennai, Tamil Nadu

Professional Summary

I'm a DevOps Engineer at Accenture, specializing in CI/CD automation, Kubernetes orchestration, and cloud infrastructure. I design and maintain deployment pipelines for Kaiser Permanente using GitHub Actions and Kubernetes Cluster. I have hands on exposure to AWS Cloud. Good in Python automation scripting, container orchestration (Kubernetes/AKS), and optimizing deployment workflows for healthcare systems.

Technical Strengths

- **Devops & CICD:** GitHub Actions CI/CD pipelines (Certified), Python/Bash scripting for DevOps automation.
- **AWS & Cloud:** Grasp in AWS ecosystem (EC2, S3, IAM, Lambda, CloudWatch, Auto Scaling), Multi-cloud infrastructure management and Infrastructure provisioning.
- **Container & Orchestration:** Kubernetes deployment, management and multi environment orchestration. AKS cluster and scaling.
- **Linux:** Linux shell scripting, production troubleshooting and inspect logs, check metrics of process.

Professional Experience

Accenture – Associate DevOps Engineer (Sep 2024 – Present)

- Developed, maintained CI/CD pipelines using GitHub Actions for enterprise healthcare applications, supporting automated build, validation, and deployment workflows.
- **Engineered custom Python scripts** to automate workflow debugging, reducing pipeline failure resolution time and improving deployment reliability.
- **Implemented secure DevSecOps practices** within GitHub workflows to identify and resolve vulnerabilities during the CI/CD lifecycle for enterprise-grade software.
- Collaborated with development and operations teams to troubleshoot CI/CD and deployment issues, identifying root causes and improving deployment reliability
- Investigated and resolved CI/CD workflow failures, identifying issues across build, dependency, configuration, and deployment stages and reducing manual intervention.

Education

Bannari Amman Institute of Technology | 2020 – 2024

- **Degree:** Bachelor of Technology in Artificial Intelligence & Data Science
- **Academic Standing:** CGPA: 8.35/10.0

Achievements

- **Industry Recognition:** Earned the **Microsoft GitHub Actions Certification**, validating expertise in enterprise-level CI/CD automation and DevSecOps workflows.
- **Solved 200+ problems in LeetCode.** Good at analyzing problem and connect patterns.
